

BOTANY SEMESTER I (2017-2019)

STUDENT FEEDBACK

Mycology & Lichenology (Course No. 221 104)

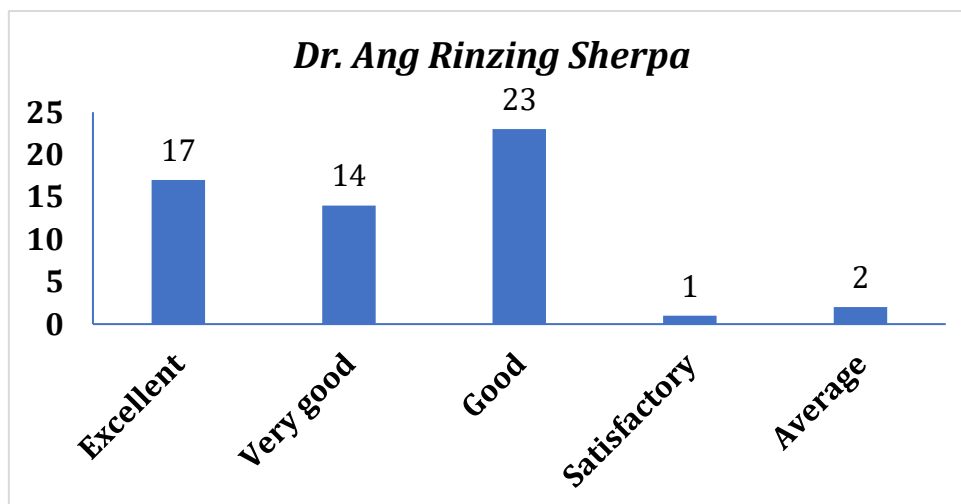

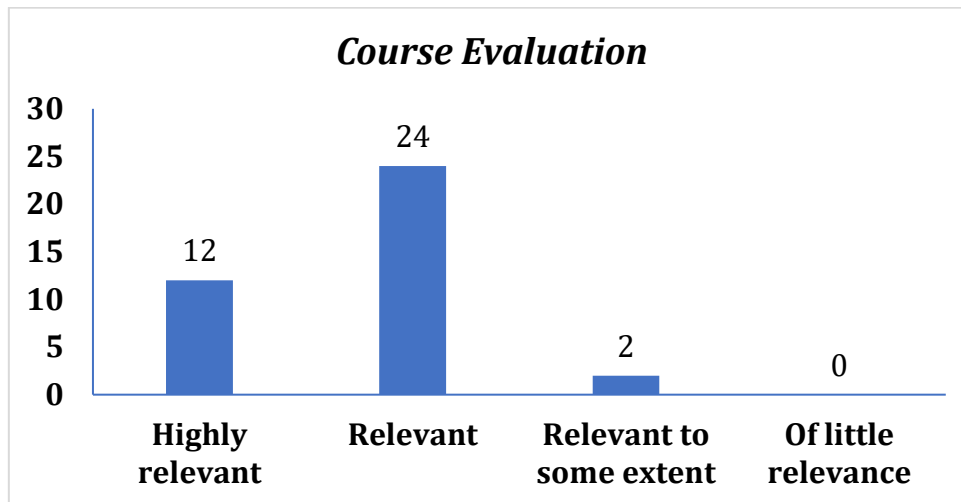

Specific Comments:

Mycology & Lichenology

(Dr. Sanjoy Guha Roy)

- ❖ Need laboratory and non-teaching staff.
- ❖ Need good laboratory and more practical in molecular level.
- ❖ I have no any kind of suggestion.
- ❖ I don't think so.
- ❖ Don't need any kind of suggestion because Sir teaches us very good and give proper guidance and care.

Plant Virology & Bacteriology (Course No. 221 105)

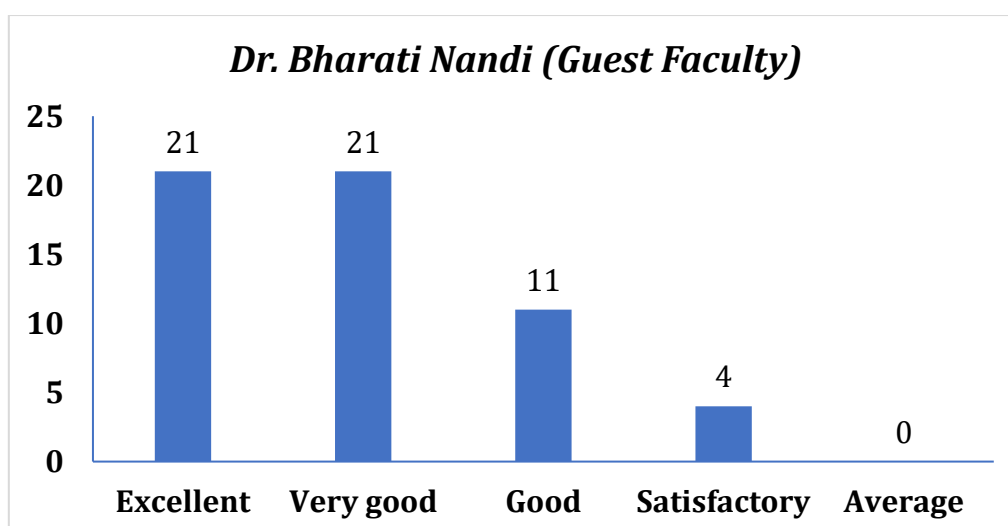

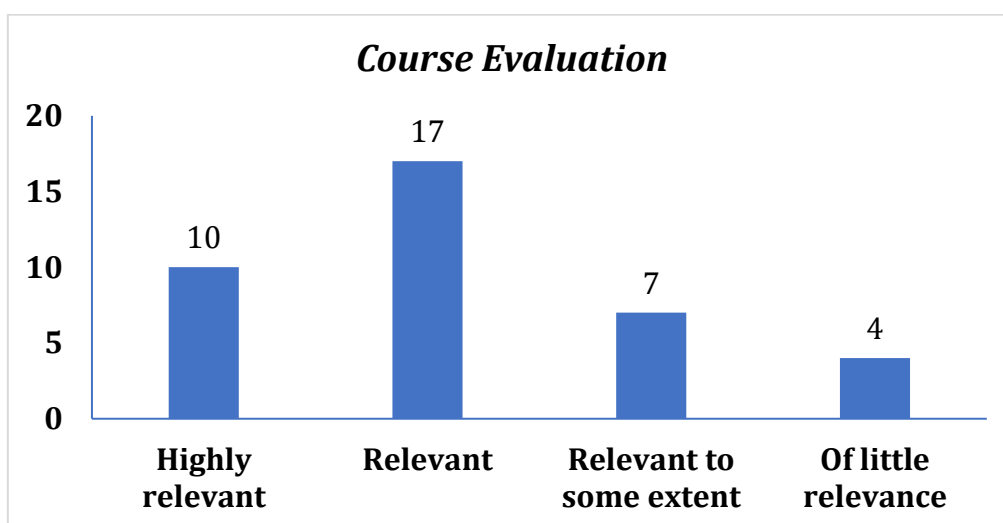

Specific Comments:

Plant Virology & Bacteriology

(Dr. Ang Rinzing Sherpa)

- ❖ Laboratory and non-teaching staffs are needed.
- ❖ I didn't find the course that much helpful in any of the competitive exams. I would like to draw attention of authority and make necessary changes to the syllabus.
- ❖ We haven't study about virology and Bacteriology on the lab basic. So, if lab orientation should upgrade, students would be benefited.
- ❖ Need proper practical lab.
- ❖ No, I don't think so.
- ❖ I have no any kind of suggestion for improving the course.
- ❖ I think that the upgradation will be required. Virology, Bacteriology is a very important subject for NET examination that's why this subject syllabus should be NET oriented which is more valuable for a student.
- ❖ The teaching style is very good, very interactive & student friendly.
- ❖ Upgradation required. Very important subject for NET examination, that's why require NET oriented syllabus that should be more valuable for us.
- ❖ Teaching style is very good, and student friendly.

Bryology (Course No. 221 103)

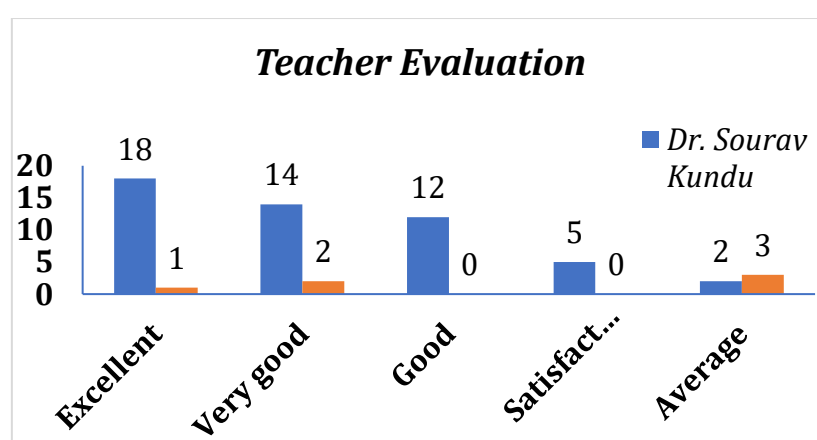

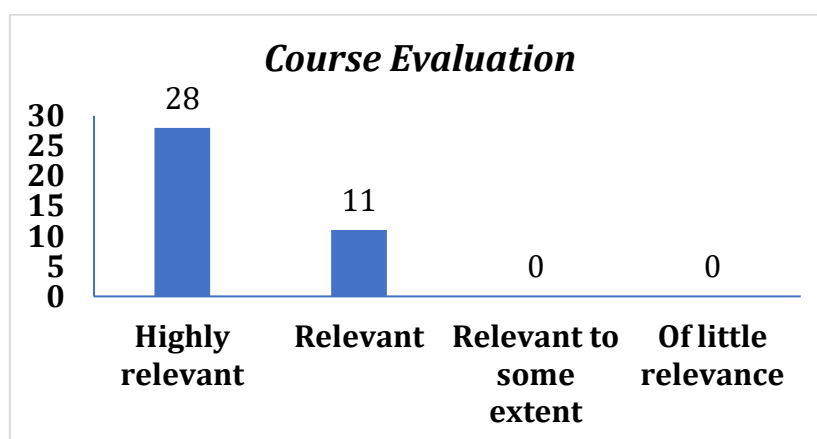

Specific Comments:

Bryology

(Dr. Bharati Nandi)

- ❖ I don't think so.
- ❖ Teacher shown monoeuvres. She always feels that the class is an circumambulence for the teacher.
- ❖ I have no any kind of suggestion because the teacher has shown moneovouses. She always feels that the class is an circumambulence for her.
- ❖ I don't think that the present content of the course needs revision.
- ❖ I have no any kind suggestion for improving the course of teaching methodology.
- ❖ I don't have any suggestion.
- ❖ Permanent faculty is needed and good laboratory needed.
- ❖ I want mam to visit our university year after year and enrich us with her valuable suggestions.
- ❖ Yes, the syllabus should be based on modern work.
- ❖ Teacher should attract the students class becomes more comfortable and energetic.

Integrated Life Sciences (ILS) (Course No. 221 101)

Specific Comments:

Integrated Life Sciences (ILS)

(Dr. Sourav Kundu)

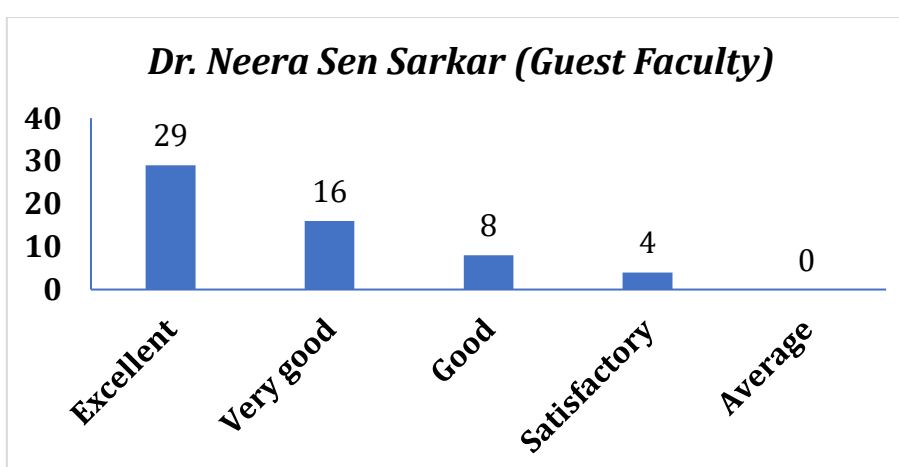

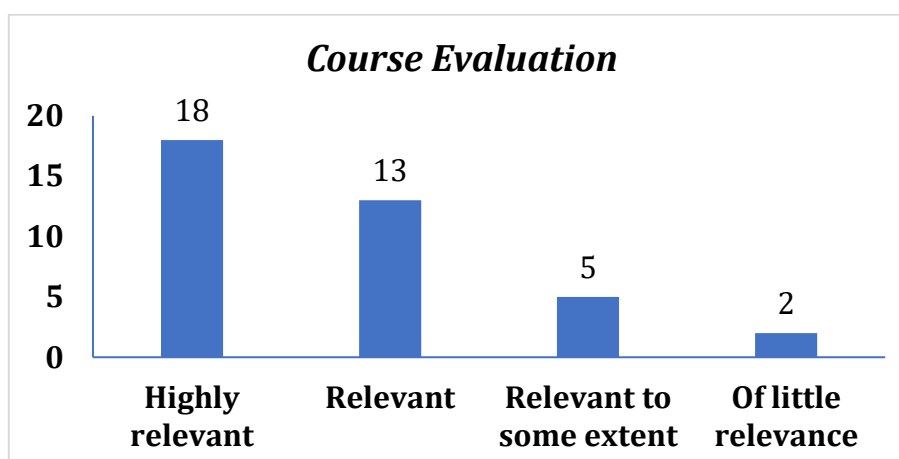

- ❖ It is perfect.
- ❖ Need to teach us full syllabus properly. As it is NET relevant subject so I think it requires extra classes and proper guidance.
- ❖ No, I don't think so.
- ❖ No, I have no any kind of suggestion for improving the course.
- ❖ Permanent faculty is needed.
- ❖ No, I do not think that the present content of the course needs revision/ upgradation.
- ❖ For improving the course or teaching methodology, needs a permanent teacher with good teaching skill to explain the subject clearly for our clear conception.
- ❖ Need practical and permanent faculty.
- ❖ Yes, Integrated life science laboratory have to be upgraded so that we can related the topic, have we read in our theory class.
- ❖ If the teaching methodology become lab oriented then the students will be benefited.
- ❖ No upgradation required.
- ❖ Audio-visual teaching method may be applied for improving the understanding.

Integrated Life Sciences (ILS)

(Dr. Anup Kumar Sarkar)

- ✚ Require more classes to complete the paper; ILS is a NET relevant paper for why extra class should be required.
- ✚ No need of upgradation but need to go through the whole syllabus of ILS.
- ✚ I found some problem in doubt clearance and little bit confusing.

Phycology (Course No. 221 102)

Specific Comments:

Phycology

(Dr. Neera Sen Sarkar)

- ❖ Needed to laboratory and nonteaching staff.
- ❖ No upgradation is required but, we need permanent faculty so that we get more classes.
- ❖ For improving the course or the teaching methodology, one dedicated permanent teacher and a dedicated laboratory is also needed.
- ❖ No of classes taken relative to the syllabus is very low. Either increase the no of classes or exclude some from the syllabus.
- ❖ Very much need to increase the no of classes.
- ❖ Need permanent faculty.
- ❖ Yes, this paper course have not any permanent faculty. No proper lab for phycology.
- ❖ Proper lab maintenance and proper lab material and permanent faculty needed.
- ❖ Yes, I think so because of absence of sophisticated labs and practical materials.
- ❖ I have no any kind of suggestion for improving the course of teaching methodology.
- ❖ Need to increase classes. Require proper practical room with desire materials.
