

Ph.D.s awarded at West Bengal State University (since 2014)

Name of the PhD scholar	Name of the Department	Name of the guide/s	Title of the thesis	Year of registration of the scholar	Year of award of PhD
1. Sneha Singh	Hindi	Prof. Arun Hota	Samaklin Mahila Upanyaskaron ke...	2011	2014
2. Sulochana Kumari Das	Hindi	Prof. Arun Hota	Samakalin Hindi Kavita mein Aam Admi, 2011	2011	2014
3. Chittaranjan Mandal	Anthropology	Dr. Subir Biswas & Prof. Premananda Bharati	Blood pressure profile of bhotias of the Uttaranchal Himalaya: an epidemiological study	2011	2014
4. Guddi Tiwary	Anthropology	Dr. Subir Biswas & Dr. P.K. Gangopadhyay	Socio-economic conditions and health status of occupationally exposed workers of building construction industry: A study in Kolkata and its surrounding	2011	2014
5. Priyanka Kumari Singh	Hindi	Prof. Arun Hota	Bhumandalikaran ke --- Sahityik Patrakarita,2011	2011	2015
6. Soumik Gangopadhyay	Commerce & Management	Dr. Biswanath Ghosh Dr. Soma Sur	A study of marketing strategy for super specialty hospitals in Kolkata treating lifestyle diseases	2012	2015
7. Gargi Basu	Economics	Prof. Jyotish Prakash Basu	Vulnerabilityand adaptation to climate change: A study of Forest Departmentcommunities of Indian Sundarban	2012	2015
8. Kuheli Mukhopadhyay	Economics	Prof. Jyotish Prakash Basu, Co-Guide- Prof. Joyshree Roy	Climate Change, heat Stress and Labour Productivity - An Economic Analysis	2011	2015
9. Madhumita Ghosh	Philosophy	Prof Sabita Samanta jointly with Prof Tapan Chakroborty	Blooming of Womanhood in India and Swami Vivekananda: A Silent Movement	2012	2015

10. Suvadip Mallick	Zoology	Prof Chiranjib Pal	Immunomodulatory potentials of novel therapeutic strategies against experimental visceral leishmaniasis	2011	2015
11. Rima Maitra	Mathematics	Dr. Sushanta Kumar Mohanta	A study of w-distance on Cone Metric Spaces and Fixed Point Results in Generalized Metric Spaces	2012	2015
12. Samik Roy	Anthropology	Dr. Subir Biswas & Prof. Buddhadeb Chowdhury	Forest and Health – The Tribal Situation of West Midnapore and Bankura : an Anthropological Study	2011	2015
13. Santu Singha	Sanskrit	Prof. Ayan Bhattacharya	Lakararthavimarshah	2011	2016
14. Abhishek Jana	Physiology	Prof. Pratiti Ghosh	Pathophysiology of Oral Lichen Planus	2011	2016
15. Biswarup Ghosh	Sanskrit	Prof. Ayan Bhattacharya	Sristitattvavimarshah	2011	2016
16. Biswajit Pal	Agriculture and Rural Development	Prof. Arunasis Goswami and Prof. Subhasish Biswas	Studies on socio-economic aspects of some tribes in West Bengal	2012	2016
17. Panchali Sengupta	Zoology	Prof Narayan Ghorai		2011	2016
18. Chitradip Bhattacharjee	Anthropology	Dr. Subir Biswas	Gender equity in nutrition and child health among pre-school(below 6 years) Muslim Children of North 24 Parganas, West Bengal	2013	2016
19. Sreerupa Roy	Economics	Prof. Jyotish Prakash Basu	Development Perception and participation of the community in relation to the tribals of West Bengal	2012	2016
20. Sanghamitra Biswas	Sanskrit	Prof. Ayan Bhattacharya	Isvaratattvavimarshah	2011	2016
21. Partha Gangpopadhyay	English	Prof. Sipra Mukherjee	Representations of Siraj-ud-daula: an exploration of the contexts, historiographies, and ideological agendas, 1763 to 1938	2010	2015
22. Debnath Pal	Sanskrit	Prof. Ayan Bhattacharya	Vrittivivekah	2011	2016

23. Nilendu Jyoti Maitra	Agriculture and Rural Development	Prof. Arunasis Goswami and Dr. Samit Kumar Nandi	Studies on production and productivity performance through modulated scientific rearing of small ruminants for rural development	2012	2016
24. Anindita Ghoshal	History	Dr. Urvi Mukhopadhyay	Refugees of Eastern Borders: Many Histories (1947-1977)	2012	2016
25. Aziza Yasmin	Zoology	Prof Narayan Ghorai	Role of Phytochemicals in the Development and Fecundity of the Lesser mealworm [<i>Alphitobius diaperinus</i> (Panzer), 1779 (Insecta: Coleoptera: Tenebrionidae)]	2011	2016
26. Moumita Gupta	Anthropology	Dr. Abhijit Das	Empowerment of Women through the formation of self Help Grups in some villages North and South 24 Parganas of West Bengal- An Anthropological Study	2011	2017
27. Sondipan Chakraborty	Zoology	Prof Narayan Ghorai	Analysis of host plant terpenoids and their impact on the biology of Indian lac insect <i>kerria lacca(kerr.)</i>	2012	2017
28. Mili Dutta Pal	Philosophy	Prof Sabita Samanta	Swami Vivekananda's Ethical Thoughts	2014	2017
29. Madhop Mondal	Hindi	Prof. Arun Hota	Harishankar Parsai-- samajik chetna	2012 2013	2017
30. Uttam Halder	Economics	Dr. Dipika Basu	Access to Common Pool Resources, Rural Livelihood and Food Security for SC/ST Households: A study of Bankura District of West Bengal.	2014	2017
31. Suraj Prasad Sah	Hindi	Prof. Arun Hota	Rajbhasha Hindi: Kriyanvayan-----	2013	2017
32. Arijit Chatterjee	Zoology	Prof Silanjan Bhattacharyya	Tradition of wildlife conservation in villages : diversity of wild animals living in the village ecosystems of south West Bengal		2017

33. Debarati Das	Economics	Dr. Jayanta Sen	Inequality and Well -Being Experiences of Indian States during the period of Economic Reforms	2014	2017
34. Swati Sen	History	Prof. Sutapa Chatterjee Sarkar	Changing Pattern of Urbanisation of Barasat and Barrackpore Subdivisions of North 24 Pargnanas, West Bengal in the Twentieth Century	2012	2017
35. Gautam Patra	History	Prof. Sutapa Chatterjee Sarkar	Gandhian Thought: Implications in Secondary Education of West Bengal	2012	2017
36. Mira Shaw	Hindi	Dr. Vinod Kumar	Pragatisheel Alochana --- Namvar Singh	2013	2017
37. Arghya Sarkar	Botany	Dr. Anup Kumar Sarkar	Study of Deltaic Sediments and Few Mangrove Plants of Sundarbans, India with Special Emphasis on Biosphere-Eco-Climatic Changes since Late Quarternary and to Predict the Genetic Variation of the Species	2013	2017
38. Joydip Ghosh	Zoology	Prof Chiranjib Pal	Isolation and characterization of semi-purified anti-leishmanial fractions from different edible mushroom and terrestrial plant species available in West Bengal	2012	2017
39. Ratnabali Sengupta	Zoology	Prof Narayan Ghorai and Prof Silanjan Bhattacharyya	Nutritional status of school students aged 8-16 years in rural southern West Bengal, India: based on anthropometrical studies	2012	2017
40. Anindita Majumdar	Zoology	Prof Silanjan Bhattacharyya	Wild biodiversity resource use by the forest fringe tribal and non-tribal families in south-west Bengal	2012	2017

41. Himangsu Santra	Agriculture and Rural Development	Prof Arunasis Goswami and Prof. Sunil Kanti Santra	Studies on Socio-Economic,Cultural and Psychological characteristics of farmers and Adoptions of Agricultural innovations in Rural Blocks of West Bengal	2012	2017
42. Rakesh Bhowmick	Mathematics	Dr. Atasi Deb Ray	Study of Some problems of Topology and Generalized Topology	2012	2017
43. Sanjay Naiya	Zoology	Prof Narayan Ghorai	The pollen biology of apis cerana (fabr.) in West Bengal, India	2013	2018
44. Debayan Banerjee	Sanskrit	Prof. Ayan Bhattacharya	Gautamiyanyayasutre Pramanaprameyatattvavimarshah	2014	2018
45. Md. Jahidoor Rahaman	History	Prof. Sutapa Chatterjee Sarkar	Changing Patterns of Settlement in Hooghly from the 18th to 20th Century	2012	2017
46. Rupam Mukherjee	Economics	Dr. Debobrata Mukhopadhaya	Impact of Crop Insurance on Agricultural Output in India	2012	2017
47. Khokan Bhattacharya	Sanskrit	Dr. Shaikh Sabir Ali	Shastriyavicharapaddhativimarshah	2014	2017
48. Dipanjan Roy	Zoology	Prof Narayan Ghorai	Studies of ichthy of auna of northern part of east coast of India with special reference to ornamental fishes	2013	2018
49. Sanchali Bhattacharya	Economics	Prof. Jyotish Prakash Basu	Construction of Modified Quality of Life Index and its Application	2012	2018
50. Sibnath Sarkar	Geography	Dr. Sukla Basu	The Street Children of Kolkata: A Socio-Spatial Study with Special Reference to Sealdah Railway Station Area	2012	2018
51. Antara Ray	Sociology	Prof. Ramanuj Ganguly	Caste in everyday life: a study in selected caste groups in Kolkata	2013	2018
52. Titir Chatterjee	Sociology	Prof. Ritu Sen Chaudhuri	Sexuality among Young Adults in Kolkata: A Study of Changing Attitudes and Practices	2012	2018
53. Bobby Basu	Commerce & Management	Dr. Pranam Dhar Dr. Alok Kr. Sen	Impact of succession planning on employee career attitude: a study in it sector in West Bengal	2012	2018

54. Dibyendu Chatterjee	Electronics	Dr. Arijit Roy	A study of transmon based Quantum computing Schemes	2013	2018
55. Jyotirmay Maiti	Chemistry	Prof. Ranjan Das/Dr. Suman Biswas	Synthesis and optical spectroscopic studies of oxazole based fluorescent dyes in biomimetic and biological environments	2013	2018
56. Chayan Halder	Computer Science	Prof. Kaushik Roy	An Approach for Script Identification from Official Indian Scripts	2013	2018
57. Ankur Chaudhuri	Microbiology	Dr. Sibani Sen (Chakraborty)	Astacins: Structure-activity relationship of astacin metalloproteases through bioinformatics approach	2014	2018
58. Bedprakash Ray	Anthropology	Dr. Abhijit DAS & Dr. Ranjana Roy	Potters of North 24 Parganas in West Bengal: an ethnographic study	2011	2018
59. Kartick Patra	Zoology	Dr. Deba Prasad Mandal & Dr. Shamee Bhattacharjee	Investigating the modulation of signaling pathways in cancer cells by linalool and anethole	2013	2018
60. Samarjit Jana	Zoology	Dr. Shamee Bhattacharjee & Dr. Deba Prasad Mandal	Investigating the Modulation of Signalling Pathways in Cancer Cells by Linalool and Anethole	2013	2018
61. Ashoke Mondal	Commerce & Management	Dr. Uttam Kumar Dutta	Prediction of financial performance of select companies in Indian steel industry: a study	2012	2018
62. Aritri Dutta	Zoology	Prof Chiranjib Pal	Novel strategy for protection against <i>Leishmania donovani</i> infection through activation of TLRs and release of protective cytokines leading to renewal of repopulating hematopoietic stem cells in bone marrow: A non-self 'carbohydrate-complex	2013	2018

63. Sutanuka Pattanayak	Chemistry	Prof. Mukut Chakroborty	Photophysical and photochemical studies of the interactions among molecules with chemical and biological significance with application to metal nanoparticle systems	2013	2018
64. Sumana Dutta	Commerce & Management	Dr. Uttam Kumar Dutta	Triple bottom line reporting practices in Indian corporate sector: a study	2012	2018
65. Suchita Dutta	Geography	Dr. Sukla Basu	Shrimp Culture in Indian Sundarban — A Geographical Analysis	2012	2018
66. Partha Naskar	Commerce & Management	Dr. Manodip Ray Chaudhuri Dr. Soma Sur	Potential of human resource interventions: a study of select government departments in West Bengal	2012	2018
67. Chandan Mukherjee	Botany	Dr. Krishna Ray	Study of microbial nitrate and phosphate metabolism and its application in wastewater remediation and plant growth improvement	2013	2018
68. Pradyumna Patra	Zoology	Prof Chiranjib Pal	Role of Rapid Diagnostic Kit and Oral Miltefosine to Control Leishmaniasis in South Bengal	2013	2018
69. Arun Kr Shaw	Botany	Dr. Ang Rinzing Sherpa	Investigating the Role of β -aminobutyric acid (BABA) in Potentiating Drought Stress Response in Maize (<i>Zea mays</i>)	2013	2018
70. Buddhadeb Roy	Botany	Dr. Ang Rinzing Sherpa & Dr. Sanjoy Guha Roy	Survey and molecular characterization of Geminiviruses infecting plants in West Bengal.	2013	2018
71. Provashis mondal	Education	Prof. Abhijit Kr, Pal	Elementary School Drop-outs in Indo-Bangladesh Border Region: Contexts, Problems and Status	2016	2018
72. Nibedita Bedajna	Geography	Dr. Sukla Basu	Women's Work Participation and Well Being: A Study Of Intergeneration Change In Kolkata	2012	2018

73. Tanmoy Dey	Botany	Prof. Sanjoy Guha Roy	Genetic diversity of populations of <i>Phytophthora infestans</i> in Eastern India	2014	2018
74. Abhijit Ghosh	English	Prof. Chandrava Chakravarty	The 'Self' vis-a-vis the 'Outsider': Representations of Ethnic Conflict in Selected Novels	2010	2018
75. Dhruvajyoti Chattopadhyay	Commerce & Management	Dr. Kiranjit Sett	Impact of state-sponsored self-employment generation schemes on poverty alleviation in rural areas of the selected districts of southern West Bengal: a study	2013	2019
76. Niladri Biswas	Chemistry	Dr. Chirantan Roy Choudhury	synthesis and characterisation of some transition metal complexes	2013	2018
77. Tapas Kumar Ghosh	Chemistry	Prof. Mukut Chakraborty	Synthetic of graphene oxide and its reduced form to prepare graphene based polymer nanocomposites for various applications	2016	2018
78. Sukanya Bhadra	English	Prof. Jayati Gupta	Reconfigurations: Elizabeth Gaskell and the Victorian 'Ideal' Family	2010	2018
79. Hrishikesh Kumar Singh	Hindi	Prof. Arun Hota	Srilal Shukla--- Yugbodh	2013	2019
80. Prasad Chandra Tudu	Zoology	Prof Narayan Ghorai	Study of intertidal macrobenthic (invertebrate) fauna of northern east coast of India	2015	2019
81. Sirin Salma Sultana	Zoology	Prof Narayan Ghorai	Search for novel phytochemicals against <i>Lleishmania donovani</i> infection	2014	2019
82. Sukanta Gayen	Agriculture and Rural Development	Prof. Uttam Dutta and Prof. Debasish Mazumder	A study to analyze the status of Women Empowerment in different Socio-economic and Agro-ecological segments of farming community in South 24-parganas of West Bengal	2012	2019

83. Supratim Mandal	Zoology	Prof Chiranjib Pal	Anti-proliferative activity of Leishmania donovani derived membrane protein and chromone linked nitro derivative against human carcinoma cells	2014	2019
84. Somaditya De	Zoology	Prof Chiranjib Pal	Host protection against drug -sensitive and -resistant Leishmania donovani infection by therapeutic combination of Mycobacterium indicus pranii (Mw) and heat induced promastigotes promotes the up regulation of Flt3+ preDC leading to IL-6 producing CD11c+ cDC	2014	2019
85. Momtaj Begam	Botany	Dr. Krishna Ray	Study of eco-physiology and molecular mechanism of salinity stress tolerance in some mangrove associate species from Sundarban Mangrove Ecosystem of West Bengal	2013	2019
86. Debarati Mukherjee	Zoology	Prof Chiranjib Pal	Study on pharmacokinetic and immunomodulatory profile of novel ferrocenylquinoline: a water soluble derivative reduces the Leishmania donovani infection, in vitro and in vivo	2014	2019
87. Soumyjit Das	Commerce & Management	Dr. Pranam Dhar	Electronic & mobile banking: a study on usage and consumer perception in India	2012	2019
88. Taniya Datta	Anthropology	Dr. Abhijit Das	Care giving for the elderly- in the backdrop of rapid socio –demographic changes in Kolkata.	2013	2019
89. Amalesh Patra	Commerce & Management	Dr. Pranam Dhar	The determinants of dividend pay-out ration of select companies in India: A study	2013	2019

90. Swarup Saha	Physis	Dr.Anirban Saha Dr.SunandanGangopadhy	Investigating the response of particles to linearized gravitational wave in noncommutative space	2013	2019
91. Mahua Karmakar	Physis	Dr. Partha Sarathi Majumdar	On some methods of analysis of thermally stimulated luminescence peaks.	2013	2019
92. Sanjoy Kumar Roy	Commerce & Management	Prof. Uttam Kr. Dutta	Related party financial statement disclosures: a study of corporate practices in India.	2013	2019
93. Aniruddha Nag	Commerce & Management	Dr. Pranam Dhar	Identifying satisfaction parameters for cellular phone users in Kolkata : a study	2013	2019
94. Arun Kumar Mandal	Economics	Prof.Debabrata Mukhopadhyay	Changing market penetration of some selected consumer durables in rural India: An empirical study	2015	2019
95. Sohini Gupta	BOTANY	Dr. Abhijit Datta	Studies on interactions of viral silencing suppressor proteins.	2012	2019
96. Pritesh Chakraborty	ENGLISH	Dr.Sneha Kar Chaudhuri	The graphic rhetoric of subversion: analysis of superhero comic books as a hybrid art form carrying the subversive tendencies of popular culture.	2013	2019
97. Bhusan Adhikary	Physical Education & Sports Science	Dr.Somnath Bag	A comparative study of anthropometric physical physiological variables nutritional and socio economic status among tribal inhabitants of dooars in North Bengal	2012	2019
98. Soma Halder	Physiology	Prof. Biplab Giri	Molecular response and role of heat shock proteins during heat stress induced dysregulation of testicular function and its management by natural products.	2013	2019

99. Rajojit Chowdhury	Botany	Dr. Krishna Ray	Study of nutrient dynamics and stress factors in soil environment of degraded and non degraded mangrove ecosystems	2014	2019
100. Sayantani Jana	Agriculture and Rural Development	Prof. Arunasis Goswami Prof. Amal Kumar Mallick	A study on the ingredients of primary health services available for maternal health care in West Bengal	2012	2019
101. Rajib Ghosh	Philosophy	Dr. Atreyee Mukherjee	Vyaktik Avinnata: Ekti darsanik paryalcana	2013	2019
102. Asim Mitra	Commerce & Management	Prof. Soma Sur	Understanding the role of antecedents of individual investors' pre-purchase information search	2012	2019
103. Tapan Sutradhar	Botany	Dr. Krishna Ray Dr. Sandip kr. Basak	Study of molecular adaptation to salinity stress in mangrove species and loss of mangrove ecosystem homeostasis with an attempt to biorestitution of degraded mudflats in sundarban mangrove ecosystem	2014	2019
104. Sankar Kar	Education	Prof. Abhijit Kr. Pal Dr. Papiya Upadhyay	Emotional intelligence, personality and academic achievement of secondary students.	2016	2020
105. Kakoli Sarkar	Philosophy	Prof. Sabita Samanta	Matua darsan	2013	2020
106. Poulami Chakraborty	Philosophy	Prof. Sabita Samanta	The secret of karmayoga in the bhagavadgita and its acceptability in modern time.	2013	2020
107. Prosenjit Neogi	Sanskrit	Prof. Ayan Bhattacharya	Samasavimarsah	2014	2020
108. Susmita Roy	Physiology	Prof. Pratiti Ghosh	Studies on effect of herbal supplementation in the treatment of diabetes mellitus	2013	2020
109. Sabita Mandal	Sanskrit	Prof. Sitanath Acharya	Bangabhasayam samskrtakavyasamiksa-unabimsa-bimsasatabdyoh preksapate	2014	2020

110. Arpita Jana	Anthrology	Prof. Subir Biswas	Effect of chronic arsenic exposure on health : An anthropological study among the people of Gaighata and Habra II block of West Bengal, India.	2015	2020
111. Siriya Sultana	Botany	Dr. Ang Rinzing Sherpa	Study of incidence and genetic diversity of potyviruses in Westbengal at molecular level	2013	2020
